If the market improves there is every reason to believe that the firm will soon be on its feet again, and the upward movement of the stock to-day is most encouraging for their friends.

Although there were rumors in the street early this morning that two or three other railroad companies were in difficulties and might at any moment follow the course adopted by Erie, little was heard of these reports later oh.

Rumors were also in circulation affecting the stability of several Wall street houses, but these also were called in when it was seen that the market was on the upward turn.

The Loan Committee of the Clearing-House, at its session this afternoon, decided to issue \$1,350,000 loan certificates in order to meet the suddenly increased stringency of the money market.

It was reported that 40,000 shares of stock were purchased to-day for the foreign account, the stocks purchased including Eric, Atchison, Ontario and Western Pacific, and Norfolk and Western preferred.

During the afternoon there was some reaction from the highest prices of the day throughout the entire list, but it was not accompanied by any of that fevorishness which marked the dealings yesterday.

The tone of the market was very steady, and a fair amount of business. and \$15. You know money is a scarce commodity just now, and we have therefore reduced these
